

## Membership Invitation

Welcome to this fast growing organization. Southern California Investment Association, LLC (SCIA) values your support and we believe you will find a world of opportunities by being part of our national brand of specialized and professional members.

SCIA was formed in 2000, and thanks to our exceptional members and associates, has been exceeding expectations ever since. This organization has been a stepping stone for many outstanding companies. SCIA is comprised of some of the best, invaluable industry professionals and investors in the nation. Please see, *What People Say About the SCIA National Small Cap Corporate Financial Conferences* at [www.sciainconference.com](http://www.sciainconference.com).

The SCIA *National Small Cap Syndicate* is a great value for industry companies. Join SCIA and benefit from its expanding national network. The network includes: FINRA Registered Representatives, Registered Investment Advisors (RIA'S), Market Makers, Research/Analysts, institutions and bankers. Together with U.S. industry professionals and a large base of sophisticated, accredited investors all proven to have the most interest. Many of our regular attendees represent an even larger group of high net worth individuals seeking opportunities.

The *Syndicate's* goal is to assist our members and support micro, small and listed companies by providing a forum every other month for qualified, under-recognized companies. As a member if you have a company that meets the SCIA criteria underlined below, seeking public or private syndication, support, exposure or institutional and professional assistance, invite them to register early. SCIA's forum is very successful in stimulating exposure and opportunity for solid companies.

SCIA highlights up to fifteen companies at each of the six yearly Saturday morning capital conferences. The SCIA *National Small Cap Syndicate* Conferences have been quoted as, *the best exposure and value offered to small companies today*. It is our belief that the SCIA Conferences are a great opportunity for exposure to growing million-dollar and above companies with approximately ten million in revenues and early-stage companies with a minimum of five million paid in capital seeking visibility. Approximately one hundred attendees in are in the ballroom and the focus is designed to be solely on each presenter during every conference. Much more exposure is provided in addition to the day of the conference. The presenting companies are promoted to our entire *Syndicate* before and after each conference and they are hot-linked on national wire which is distributed to many important digital trade outlets. Integrated videos of the company presentations are accessible online for exposure to a wider investor audience. Companies return many times because of these benefits. The SCIA website now uses new state of the art search engine optimization to dramatically increase professional and investor targeted traffic, which in turns drives considerably more traffic to the presenter and sponsors websites. As an added benefit, presenting companies and yearly sponsors will also be provided with a complimentary *Social Media Package* or enhancement customized just for them.

Join us as a member, investor and or as a *membership-free* yearly sponsor with continuous promotion. Membership is only \$750 per individual which affords you discounted conference attendee rates and premier web access. If you are an active FINRA Registered Representative, RIA, Market Maker, or Research/Analyst the fee is a low \$99, which includes the premier access and *free* conference admission. Check sponsorship opportunities available at [www.sciainconference.com/pgf/Sponsorship.pdf](http://www.sciainconference.com/pgf/Sponsorship.pdf).

Breakfast and registration begins the conference at 7:15 a.m. At 8:00 a.m. each company presents for fifteen minutes with breaks scheduled to meet with the presenting management. At approximately 12:30 presenters or sponsors host a beverage and cocktail reception before the luncheon banquet. A featured speaker focusing on current industry economics, strategies or policies concludes the conference before 2 p.m.

More Information and registrations for presenting companies, membership, investor status and attendance are quick and easy to fill out at [www.sciainconference.com](http://www.sciainconference.com). We value your participation, your support and welcome the opportunity to serve your business. Let's welcome *you* aboard at the next SCIA Conference!

Expect the best.

Respectfully,  
Cherry Lassen  
Chairman, Founder & CEO
